Introducing flexible membership management software, free of charge, from BRS GOLF. Technology designed to grow the game.

## Club benefits

- Grow membership**  
Attract golfers looking for a flexible approach to golf club membership that reflects their busy lives and family commitments. Statistics show this type of membership is growing.
- No cost**  
As part of our commitment to growing the game of golf, BRS GOLF is offering customers its Flexible Memberships solution for free.
- Save time**  
Our self-managing system means you can ditch manually deducting points and managing it in Excel. Save hours of admin.
- Fully integrated**  
See flexible membership bookings, points deducted from members' online wallets and wallet top-ups at a glance in the Admin Tee Sheet.

## Golfer benefits

- Flexibility**  
A membership for the modern lifestyle. Attract new golfers and retain members who don't get out to play as often as they'd like.
- Points Wallets**  
Your flexible members can easily top-up points to their wallet anytime, anywhere and use it for their green fees.
- Fully integrated**  
Works perfectly inside the existing BRS GOLF members website or app. Clubs can keep members up to date with emails and in-app push notifications.
- Online booking**  
Once a flexible membership is activated and the golfer has topped up their wallet they can easily book online via the BRS GOLF members site and app.
