booking via BRS GOLF

70% of members book via mobile or tablet

The BRS GOLF iPad tee sheet is the perfect way to stay in control of bookings and course utilisation while on the move. Because the tee sheet runs on an iPad it can be used wherever you have WiFi or 4G connectivity.

Key benefits

- View the BRS GOLF tee sheet while on the move
- No need to stay chained to your desktop
- Quicker and more intuitive to use
- Create and update bookings anywhere you have internet access
- See weather and utilisation stats while out on the course
- Check golfers in at the first tee or greet them at the clubhouse door
- Add carts to bookings and set cart identifiers
- Add notes to bookings
- 30-day free trial – try the iPad tee sheet before you buy

Check golfers in

Check course utilisation

Frequently asked questions

How could my staff use the iPad tee sheet?

Allow your pro to access the tee sheet while out on the course and take bookings on the go. Enable club staff to meet and greet players as they arrive on the first tee, check them in and amend their bookings without ever having to use the pro shop or office computer.
