

REVENUE MANAGEMENT

MINOR ADJUSTMENTS, MAJOR IMPACT

Revenue management is key to maximising your course's potential, and our experts can help

BENEFITS

- Price green fees relative to inventory and conditions. Successful courses adjust rates in relation to demand and the product on offer, balancing value and profit.
- Track your course utilisation. Ensure you sell at your full price during peak times, and introduce attractive offers when the course is quiet.
- Offer multiple price points for larger group sizes. Attract more golfers and large group outings with varied pricing options. Offering multi player discounts, especially 2 and 4 ball offers, allows you to increase the group size, and overall basket value of each tee time you sell.
- Monitor the competition. With our unparalleled level of market data, we can provide you detailed analysis on your club, county and competitor analysis.
